FORm_office™
INFILL PERSONALIZATION

INFILL PERSONALIZATION

Innovant's FORm_office offers a wide array of options for infill personalization. The unique split-spine design creates a center well running the length of the bench, which can be utilized for maximizing work surface real estate. From power and data distribution to desktop lighting and storage infills, the variety of personalization options ensures that each workstation meets a client's exact needs.

The flexibility and ease with which these options can be specified makes for a long-lasting workplace solution. All of the modular infills within FORm_office can be easily installed or rearranged, rendering the bench truly personalized.

INNOVANT

OUR STORY

Innovant designs and manufactures intelligent office furniture for the modern workplace. A recognized leader in the industry, we focus on integrating seamlessly into the overall architecture of a space, optimizing real estate, promoting employee productivity, and ensuring long term value to the client business. Innovant's adaptable open plan workstations, conference solutions, private office designs and specialty furnishings are available to view in showrooms worldwide.

We know that our clients navigate complex decisions when choosing a furniture system. Innovant provides expert guidance along the way, collaborating with client teams to determine optimal product configurations. Where appropriate, we will recommend and engineer tailored solutions based on specific client requirements. Every Innovant product is designed for efficient installation and easy reconfiguration over time as new features are introduced.

SUSTAINABILITY

Environmental stewardship is a primary component of Innovant's core philosophy. One of our key missions is to minimize our impact on the environment and to ensure our products are environmentally sustainable. All of our standard products already conform to a variety of eco-requirements and many items can be further configured to maximize LEED points.
