FORm_office™
LOWER STORAGE OPTIONS

LOWER STORAGE OPTIONS

In today's condensed, open plan office environments, storage volume has been significantly reduced. Overheads have been eliminated, and desktop space has become a premium.

The many unique and stylish below-worksurface storage elements available with FORm_office mitigate the storage limitations of the new workplace. In addition to storage capacity, these below-worksurface elements provide some space demarcation.

All of the storage elements within FORm_office are free-standing and can be easily configured or moved without the use of tools.

INNOVANT

OUR STORY

Innovant designs and manufactures intelligent office furniture for the modern workplace. A recognized leader in the industry, we focus on integrating seamlessly into the overall architecture of a space, optimizing real estate, promoting employee productivity, and ensuring long term value to the client business. Innovant's adaptable open plan workstations, conference solutions, private office designs and specialty furnishings are available to view in showrooms worldwide.

We know that our clients navigate complex decisions when choosing a furniture system. Innovant provides expert guidance along the way, collaborating with client teams to determine optimal product configurations. Where appropriate, we will recommend and engineer tailored solutions based on specific client requirements. Every Innovant product is designed for efficient installation and easy reconfiguration over time as new features are introduced.

SUSTAINABILITY

Environmental stewardship is a primary component of Innovant's core philosophy. One of our key missions is to minimize our impact on the environment and to ensure our products are environmentally sustainable. All of our standard products already conform to a variety of eco-requirements and many items can be further configured to maximize LEED points.
