FORm_office™
STANDING HEIGHT

STANDING HEIGHT

The industry's first standing height open plan workstation that does not require additional support or structure to maintain its best-in-class performance. When combined with stool-height task chairs, FORM_office Standing Height allows users to work in a seated or standing position without the added cost of an adjustable height mechanism.

FORM_office Standing Height is ideal for collaborative offices concerned with employee health and workplace aesthetic. As more studies and news articles convey the ill effects of sitting for extended periods of time, Innovant's standing height bench provides a comfortable and healthy choice.

Aesthetically speaking, FORM_office Standing Height overcomes many of the concerns posed by adjustable height. Unlike adjustable work surfaces, which can compromise the appearance of a workplace landscape when set at different heights, standing height desks produce a clean, uniform look. The bench also keeps unsightly cables hidden from view, which can be a challenge under a moving work surface.

TECHNICAL DETAILS

STANDARD HEIGHTS:	38" or 42"
STANDARD DEPTHS:	30", 33" & 36"
POSITION WIDTHS:	48" to 96" in 6" increments

LOWER STORAGE

INNOVANT

INNOVANT

OUR STORY

Innovant designs and manufactures intelligent office furniture for the modern workplace. A recognized leader in the industry, we focus on integrating seamlessly into the overall architecture of a space, optimizing real estate, promoting employee productivity, and ensuring long term value to the client business. Innovant's adaptable open plan workstations, conference solutions, private office designs and specialty furnishings are available to view in showrooms worldwide.

We know that our clients navigate complex decisions when choosing a furniture system. Innovant provides expert guidance along the way, collaborating with client teams to determine optimal product configurations. Where appropriate, we will recommend and engineer tailored solutions based on specific client requirements. Every Innovant product is designed for efficient installation and easy reconfiguration over time as new features are introduced.

SUSTAINABILITY

Environmental stewardship is a primary component of Innovant's core philosophy. One of our key missions is to minimize our impact on the environment and to ensure our products are environmentally sustainable. All of our standard products already conform to a variety of eco-requirements and many items can be further configured to maximize LEED points.
